THE PARDONED ANARCHISTS. Washington Knights of Labor Approve

At a meeting of District Assembly, No. 66 Knights of Labor, resolutions were adopted with but one dissenting vote, thanking Gov. Altgeld of Illinois "for his just and courageous pardon of Fielden, Schwaband Neebe, who, we pardon of Fielden, Schwab and Neebe, who, we believe, were innocent of the crime of which they were convicted. For not only giving these victims of violated justice their liberty, but re-storing to them their characters as honest and innocent men. For his grand service in re-storing justice, law and order to their rightful place and lifting them from the mire and slime in which they were dragged by Gary, Grinnell, Rice, Bonfield, Schaack and a packed and preju-diced jury."

District Assembly, No. 66, which passed the resolutions commending the action of Gov. Altgeld, is composed of three delegates from each of the minor assemblies and has, consequently, a membership of about sixty-six. The resolutions were adopted at the meeting last night by a vote of sixteen to one, the majority of the members who had been present having left the meeting before the resolutions were presented. It is thought, however, that the resolutions express the sentiments of the body generally, not as approving anarchy and its methods, but as approving the liberation of men whom they regarded as innocent of the charge against them
